Peru

Glazed Porcelain Stoneware Â· Floor and Wall

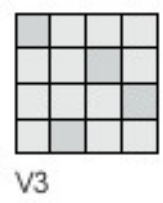

OVERVIEW

Peru is a sophisticated tile series that authentically captures the essence of natural stone, with a strong emphasis on texture and organic colour variation. Designed to bring depth and character to any space, Peru is available in a versatile range of sizes and two refined finishesâ€”making it an ideal choice for both residential and commercial environments. Whether used to create striking feature walls or seamless floor applications, this collection offers designers a timeless, tactile foundation for contemporary and classic interiors alike.
